

## INTEGRATED HEALTHCARE LOGISTICS

### About AD Ports Logistics

Operates one of the largest and most advanced medical supply chains in the GCC and beyond

Offers fully-integrated healthcare logistics solutions by leveraging Abu Dhabi Ports Group's broad portfolio of assets and services

Manages logistics for hospitals by delivering medical and pharma supplies to hospitals' own warehouses, storerooms and wards

Plays a key role in helping position Abu Dhabi as a global healthcare and life sciences hub

Founding partner within the HOPE Consortium Abu Dhabi - led public-private partnership delivering millions of COVID-19 vaccines to all parts of the globe:

- Facilitates vaccine storage and distribution from our cold and ultra-cold storage hub in KIZAD
- Collectively handled over 100 million vaccine doses across 40 countries

### Fully-Integrated

**Advanced Cold and Ultra-Cold Warehouse Solutions** - 19,000 sqm of GDP-certified warehouse space capable of storing supplies from ambient temperatures to -80°C

**Comprehensive Transportation Fleet** - modern fleet of 400+ transportation vehicles, operated by MICCO Logistics, can meet our customers' needs across all temperature ranges

**Cutting Edge Technology** - latest smart technologies to simplify and optimise our value chain, including:

- **WMS** - premium warehouse management system to optimise system-driven warehouse operations
- **Control Tower Management** - advanced fleet dispatching system allowing for delivery management and temperature monitoring in real-time
- **E-Seal** - simplified electronic cargo sealing solution that eliminates tampering of goods transported within containers
- **mUnity** - digital blockchain-enabled system that tracks the journey of temperature-sensitive medical products from production to the last mile

### Globally Certified

We are certified to serve customers in all parts of the world

Our certifications include:

- Abu Dhabi Department of Health Certification
- UAE Ministry of Health Certification
